CMI TERMINAL ANNOUNCES ACQUISITION OF CROP PRODUCTION SERVICES BUSINESS UNIT

NAICAM, SASKATCHEWAN – CMI Terminal Ltd. (“CMI”), a co-venturer with Viterra Inc. (“Viterra”) in CMI Terminal Joint Venture (“CMI-JV”), is pleased to announce that CMI has, effective October 11, 2013, acquired Viterra’s fifty percent interest in CMI-JV’s crop production services business unit. Viterra will retain its fifty percent ownership interest in the grain portion of the JV.

As a result of the acquisition, CMI now owns one hundred percent of CMI-JV’s crop production services business unit assets. This includes all assets associated with the crop production services business which is operated from Naicam, Saskatchewan.

The acquisition results in a new operating arrangement whereby CMI AG Ltd., a wholly-owned subsidiary of CMI, will own and operate the crop production services business as a fully-independent dealer. In addition, CMI will provide management and operational services to CMI-JV for the grain division.

The acquisition was initially financed through cash flow from operations, but management expects to refinance a portion of the acquisition through new debt financing with its senior lender. As security for financing, CMI expects to mortgage and pledge its interest in the crop production services business in favour of the senior lender.

CMI Terminal Ltd. is a producer-owned company that has entered into a joint venture agreement with Viterra Inc. to jointly own and operate an inland grain terminal located near Naicam, Saskatchewan. CMI Terminal Ltd. through its wholly-owned subsidiary CMI AG Ltd. also operates a crop production services business from Naicam, Saskatchewan.

CMI Terminal Ltd. is a reporting issuer in Saskatchewan only and its shares are not posted or listed for trading on any recognized stock exchange. CMI Terminal Ltd. utilizes a web-based share trading mechanism found on the CMI Terminal Ltd. website at www.cmiterminal.com.
