## **GARDINER DAM TERMINAL ANNOUNCES ADDITION OF DRY BULK FERTILIZER PLANT**

**STRONGFIELD, SASKATCHEWAN** – Gardiner Dam Terminal Ltd. (GDT Ltd.), a co-venturer with Viterra Inc. in Gardiner Dam Terminal Joint Venture (“GDT JV”), is pleased to announce the addition of a dry bulk fertilizer blending and storage facility.

GDT JV has approved an investment of approximately \$500,000 to expand and enhance service in its AgServices business unit. The project involves construction of a dry bulk fertilizer blending and storage facility, located on its existing site near Strongfield, Saskatchewan. Construction will begin in October of 2011 with the anticipated completion being in early 2012, in time for spring.

“Our customers and shareholders have clearly demonstrated their desire to purchase crop nutrients from us, and this project improves our ability to meet the increased demand. We will now be able to allow growers to customize their nutrient blends to maximize crop potential on their farming operations, while improving our operational efficiencies” said Shawn Graham, General Manager of GDT JV.

The project will be financed through cash flow from operations and existing available term debt provided by Scotiabank.

### **About Gardiner Dam Terminal Ltd. and Gardiner Dam Terminal Joint Venture**

Gardiner Dam Terminal Ltd. is a producer-owned company that has entered into a joint venture agreement with Viterra Inc. to jointly own and operate an inland grain terminal located near Strongfield, Saskatchewan and crop input supply businesses near Broderick, Saskatchewan and Tullis, Saskatchewan.

Gardiner Dam Terminal Ltd. is a reporting issuer in Saskatchewan only and its shares are not posted or listed for trading on any recognized stock exchange. Gardiner Dam Terminal Ltd. utilizes a web-based share trading mechanism found on its website at [www.gdterminal.com](http://www.gdterminal.com).
