

PRESS RELEASE

For Immediate Release.....September 21, 2011

Westlock Terminals (NGC) Ltd. a new generation co-op founded in 2002, has agreed to become a shareholder in Calgary based GNP GRAIN SOURCE. Westlock Terminals is a 18,000MT grain terminal serviced by CN Rail with the ability to load 53 car unit trains and is located in the Town of Westlock at the crossroads of highway 44 and highway 18. The addition of Westlock Terminals into the GNP GRAIN SOURCE group will offer their shareholders the ability to have a larger presence in the Western Canadian Grain market.

The strategic shipping alliance of the seven GNP partners represents a large number of farmer shareholders and grain volumes. The collective inland storage and handling capacity of GNP partners now totals 390,000 metric tonnes and an approximate throughput of 2.2 million metric tonnes. GNP will provide the partners and farmers a vital strategic advantage to capitalize on future opportunities.

Westlock Terminals General Manager, Clifford Bell stated "The equity position Westlock Terminals has taken in GNP will enhance our shipping opportunities for both domestic and export feed grains and oilseeds. It is a key link in our business plan moving forward to provide value and service to our customers and shareholders".

GNP General Manager, Perry Pellerin stated "We are very excited to have Westlock as part of the ownership group and the incremental volumes they bring to the table."

GNP GRAIN SOURCE is a consortium of seven farmer owned, independent grain shippers and handlers strategically located across Western Canada. The collective inland storage and handling capacity of GNP Grain Source is 390,000 metric tonnes and an approximate throughput of 2.2 million metric tonnes. The GNP group is in the top 5 West Coast grain shippers in Canada.
